~ ~ ~ About the Cover ~ ~ ~

“Surveying the Field” was taken by thirteen year old Tyson Rowe from Auburn, Indiana. Tyson was watching his dad through a drain pipe when he captured the picture. He likes to take pictures of ordinary things in a unique way for 4-H. Tyson has been in 4-H for four years.

The photograph on the back cover was taken by ten year old Addison Hill from Greenfield, Indiana. Addison had been walking her pig every morning and night for a month to prepare for the fair. She happened to have her camera when she captured this picture of her pig, McKenna. Addison has been in 4-H for two years.

We extend a special thanks to the farmers, agri-businesses, extension officials and others who voluntarily provided basic data used to prepare the statistics presented in this publication and to the corps of enumerators who so faithfully collected much of our raw data.

We would also like to thank all of the 4-H photography members that submitted pictures for use in our publication. All of the photos were included on posters displayed at the 2013 Indiana State Fair.
